TECHNICAL INFORMATION

The standard version of Kali Ponte, cm 220 -256,1 high, is a transforming system with an single bed with horizontal tilting opening and patented slatted bed base (CF09). The upper part is composed of a bridge wardrobe with sliding doors.

Kali Ponte is available with board or sofa options.

Kali Ponte Sofa with bed, upper wardrobe with sliding doors and patented sofa that with a simple movement turns into the night version: when the backrest cushions are removed and the lower bed opens, the sofa with tilting frame pulls back and with a translational motion sets under the bed.

These transforming systems can be stand-alone or integrated in the Young and Living programs of modular elements.

Kali Ponte sofa is self-supporting.

Wooden structure with adjustable nylon feet.

Mechanism fitted in the wooden structure through an articulated joint system operating by gas springs and fasteners that stand perfectly tightened in both positions.

Bed base (CF09). Patent ITA No. 1393825 - EU Patent No. 2421409.

Die-cast with laser-cut sheet metal frame, folded and welded, painted with epoxy powder and with wooden slatted base, fixed onto the front panel with no hardware.

Available mattresses H. cm 18 single cm 80x 197 weight kg 14-16 in versions spring, memory, memory 7 zone, memory deluxe, latex.
