TECHNICAL INFORMATION

Kali Transforming system is available in the basic configuration with single horizontal bed cm 90 or intermediate bed cm 120, in configuration Board (single or intermediate bed with writing desk) or Sofa (single or intermediate bed with front sofa).

Kali sofa with single or intermediate bed and patented sofa with a simple movement turns into the night version; when the backrest cushions are removed and the bed opens, the sofa with tilting frame pulls back and with a translational motion sets under the bed. The sofa has pipe stitching.

These transforming systems can be independent or be integrated in the Young and Living System furniture program.

The Kali sofa is self-supporting.

Wooden structure with adjustable nylon feet.

Mechanism fitted in the wooden structure through an articulated joint system operating by gas springs and fasteners that stand perfectly tightened in both positions.

Bed base (CF09). Patent ITA No. 1393825 - EU Patent No. 2421409.

Die-cast with laser-cut sheet metal frame, folded and welded, painted with epoxy powder and with wooden slatted base, fixed onto the front panel with no hardware.

Available mattresses H. cm 18 single cm 80x 197 weight kg 14-16 or intermediate cm 104x197 weight kg 21-23, in versions spring, memory, memory 7 zones, memory deluxe, latex.

Mattress locking belts in nylon.
